

Stephanie Bray

KOMPAN Area Manager

Having spent over 7 years working in the play industry, I was absolutely thrilled when the opportunity of working for the market leader at KOMPAN presented itself. I have always enjoyed working with customers in local authorities, schools and community groups to design and implement fantastic play, sport and fitness spaces.

Being a mum to my two young children, Alice and Finley, has brought a new and more personal perspective to my role as Area Sales Manager, enabling me to consider both the customer and parents' point of view on each project I work on. I have a deep understanding of how important every play space is to the children, parents and users of its community and love ironing out every detail to ensure that each one is perfect – which, happily, is not too difficult with such a stunning range of equipment to work with!

Never roaming too far from a play area, I spend much of my spare time on family days out across the Midlands keeping the little ones entertained. We live to be outside exploring new places so please do throw any recommendations near you, my way!

I live locally in Burton-on-Trent which makes it easy to come and meet with you in person to discuss the requirements of any projects you have – from refurbishments and replacements to exciting play space design, state of the art outdoor gyms and much more!

Please feel free to contact me directly anytime. I'll be happy to help and excited to see what we can create together!

I look forward to meeting you all soon!
